## Director's Notes

### Hello Fellow Riders!

The Fall riding season is here! Temperatures are cooler and the mornings are crisp. It's a great time to throw a leg over that saddle & ride. There are a lot of opportunities for bike trips and Lisa & I plan to take advantage of some of them, since we do not have time for all the rides on the calendar. My bikes like to run in this cooler weather. Or maybe it's just me? Still it seems like they run a little easier – maybe a break from the heat is what we both need. The leaves are already starting to turn and some of our roadside views have bright autumn color on display as we roar by. The air is brisk early and late, the bugs will be less (I hope!), and the roadside views around here are even better than usual. It's also time to make sure your riding leathers and cold

riding gear is in good order and good repair. Riding in these cooler months is a lot more enjoyable with cold weather gear that is doing what it's supposed to – keeping us warm.

Your Tally HOG riding schedule continues with four regularly scheduled rides per month. Just check out our calendar to see when and where they will be going. Biketoberfest in Daytona and the Florida State HOG Rally are later this month. We added a ride to the Apalachicola Seafood Festival on the 1<sup>st</sup> of November also. If you like fresh seafood and plenty of it, it's the place to be.

Our Chapter Rodeo will be the second Saturday in November on the 8<sup>th</sup> and the Chapter Christmas Party will be December 5<sup>th</sup>, on Friday. Both of these get together are a lot of fun and it's a good opportunity to visit with your fellow chapter members and get to know them better. Hope to see you there.

**Ride safe, ride often, and have fun!**

**Mike**

### October Safety Article

A helpful tip for safe riding:

**Wear all the gear all the Time!!!**

Protect yourself, period! Try to wear as much safety clothing /gear all the time and boy that is hard to do in the south, because of the heat. It is starting to get a bit cooler now and now is the time to start putting on all the protective gear. Leathers are not just for cold weather and warmth. Hello, think **Body Armor!** Enough said .....You buy it wear it and you just might thank me one day. If you don't know there are many options for warm and hot weather gear to help you beat the heat that still has all the body armor needed to help protect you in the warmer months. Just a couple of my pet peeveeeeeeeeee! And yes I have seen what you are about to witness.....from the mind boggling files of, "Wes the safety man Lewis " A rider covered with full body armor.....and.....No helmet. Riders .....Flip flops.... When ask if they ever had a rock (or something) strike their foot, the person just said they went too fast for that to happen.

Now is the time to give Santa a few hints to help keep safe in the coming year. **Think safety first and all the bling later.** Just a couple of ideas .....Have you? : Up graded any or all of your light packages on your bike?

Air horn (I really think this one is a must, a real sleeper. This one just may save your cookies)

Buy the gear that you need and Use It. Have you worn your helmet more than three years? If so please see the industry standards for helmet safety!!!! Get a new one .....NOW!

**Ride well, be safe and I'll see you on the road.**

**Wes Lewis**

## Tallahassee HOG Ride Schedule and Future Events

**\*\*\* WE WELCOME YOUR INPUT \*\*\***

**Please direct any questions or suggestions regarding rides to our Activities Directors, Barry Lindquist & Wes Lewis. If a ride has a specific contact mentioned, please utilize that contact person.**

**\*\*Note\*\***

***“Non-Hog activities are included in our activities listings as a service to our members and the riding community. These listings are accurate to the best of our knowledge, however, since they are not our events we cannot be responsible for the accuracy of the "Non-HOG" listings.”***

**Recently HOG has asked that we update our activities calendar to comply with HOG requirements. Chapter activities are conducted primarily for the benefit of H.O.G. chapter members; however guests are welcome at closed and open events. There are three categories of activities; all activities are identified as follows: Closed events are those chapter events which are open to chapter members and one guest per member. (Most HOG rides are closed, however guests may participate. Closed events will continue to be a HOG sanctioned event as long as 51% of the participants are HOG members.) Member events are events that are open only to H.O.G. members. Open events are those chapter events which are open to chapter members, national H.O.G. members and other guests as desired. The listing of events below, are labeled using these new guidelines.**
